

Failt De Times

VOL. 19 NO. 16

MARCH 8, 1957

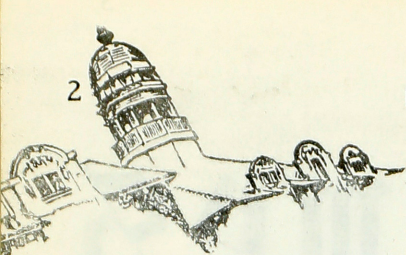

ERIC - PRESIDENT

The student body must be highly commended for the sustained interest and excellent spirit displayed throughout the period of the elections. The campaign appeared vigorous but never at one moment departed from the high level of friendly rivalry evident throughout. As a result the elections were keen and it will ever be to the credit of the college that over 98% of the students cast their votes. This is a happy augury for the future and it is to be hoped that the interest manifested will be used as a force for good, in making student government at Macdonald an even greater success than it has been in the past.

It is only by a full realization on the part of all students that the Council exists to serve their interests-and that this can most effectively be accomplished

(Continued on page 7).

EDITORIAL

First of all, I would like to congratulate the 1956-1957 Students' Council for the successful and excellent job it did this year! Very few people realize how much time and effort the members put in, trying to bring in new organizations and better rules for the benefit of the student body as a whole. So now, I would like to take this opportunity to tell you a few of them.

One of the chief factors, that enabled the work of the Students' Council to be so successfully done was that the college spirit was above average. This spirit was shown in various functions throughout this past year, in such things as the Community Chest Drive, the Hungarian Relief Fund, Open House, Athletic Achievements - Mac Curling Club formed, class plays and debates, and many others. These were all made possible by the different sections of the Students' Council, which consists of the Women's and Men's Athletic Associations, the Literary and Debating Society, the House Committees of both Brittain and Stewart Halls, and the Students' Recreation Centre Committee. As you know, these events formerly mentioned, were a great success, and they were made possible by these committees. So many thanks to the 1956-1957 Students' Council.

I also wish to congratulate the new members of the 1957-1958 Students' Council. The 'Clan Macdonald' has a good group at its head, who is willing to do its utmost to keep up the good standards of the college. I am sure it will have an eventful term and the best of luck to it!

LETTERS TO THE EDITOR

Editor-in-Chief,
Faiit-Ye Times.

Dear Sir:

This year's Green and Gold Revue will be talked about for a number of years to come. The trouble and countless hours of work that was put into building this show into one of the best performances on record is worthy of higher praise than was granted by the critic in last week's issue of the Faiit-Ye Times. How many of us think this criticism justified?

Surely the prime purpose for putting on the Green and Gold is for the public's enjoyment and entertainment, and it is an occasion when we, the students of Mac, can certainly be proud of our college and the play which we put on.

I must confess some of the critics observations, although bluntly put across, are only too true. But what I deplore is the time and place for such remarks as this-- "and at times it was actually almost plausible " and his references to actors "mingling with the public between acts". These and other remarks whether they are true or not, should not appear in the very next issue for all to see. Having pledged his support to his party in a vote in the House of Commons, does a Member of Parliament get up in the House the next day and pull the policy of his party to pieces? - of course not!

Surely if there is going to be a criticism at all in the Faiit-Ye, it should be made by a visitor to the college, and leave the criticism and other ideas for improvements to the next meeting of the Green and Gold.

Yours truly,
H.S.D. McCarthy.

Box 700,
Macdonald College.

Editor-in-Chief,
Faiit-Ye Times.

Dear Sir:-

Last issue's poll of opinion on the Macdonald Royal proved interesting and varied. The statement by a 'Home Economics student' - who preferred to remain anonymous - was, however, only misleading and erroneous.

She stated that 'the Home Economics Club' should not have to foot the bills

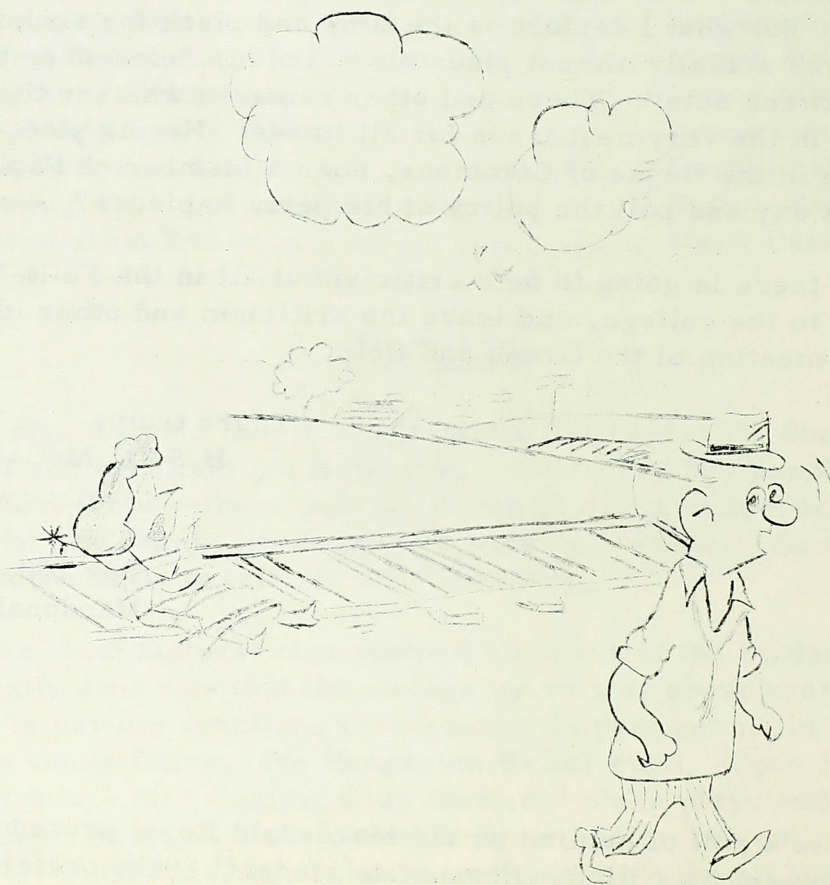

for both the fashion show and the tea. The club does sponsor these two events but to their own advantage. A charge is made for the tea and the cost is set so that the Home Economics Club will remain in the black; a profit is generally realized.

As for our unknown friend's statement regarding the fulfillment of aims, I believe that we in the School of Household Science do whatever is in our power to attain the aims of the Royal. She suggested more displays and exhibits, but unless the enrollment increases, this is an impossibility. At present the home economics division works at a maximum on the Royal - more work is done per capita than in Agriculture or Education.

I have concluded that this person was not one of these hard workers or she would not have been so rash.

Yours truly,

Gloria Stenson.

"But, dear ... who will cook your dinner?"

RESULTS OF STUDENT SURVEY ON THE OPINIONS OF THE DINING ROOM MEALS

As you probably remember in the fall, survey sheets were distributed to the students through the class presidents. The sheets collected were two hundred and fifty three in number.

The following is a list of the items that were judged by the students, and the percentage of satisfaction indicated by the students with each item.

BREAKFAST

Fruit 80%
Cereal 60%
Eggs 40%
Bacon 32%
Toast & Jam 56%
Coffee 50%

DINNER

Juice 68%
Meat 52%
Vegetables 60%
Dessert 88%
Tea 84%

SUPPER

Soup 80%
Main Course 36%
Dessert 52%
Milk 48%

OTHER SUGGESTIONS

1. It was suggested that the meals be served more attractively.
2. It was suggested that meals be served in different proportions. Large portions could be set out on the top shelf of the serving counter and smaller ones on the bottom shelf. This would meet individual preference and avoid waste.
3. The meal lines were found to be extremely long. Suggestions to alleviate this condition were as follows:
 - a) the students should co-operate and move more quickly along the line.
 - b) the bread could be served at the opposite end of the counter and an extra water tap could be installed.
 - c) the dismissal hours from late morning lectures should be "staggered".
 - d) the students should be required to eat at specified times and meal cards with the time stated could be issued for this purpose.
 - e) the dining room hours should be longer
 - f) two entrances to the cafeteria.
4. It was suggested that butter be served at all meals.
5. 54 percent of the students stated that they would be willing to pay more for their meals if improvements were made.

* * * * *

"I had to fire that pretty new secretary of mine."

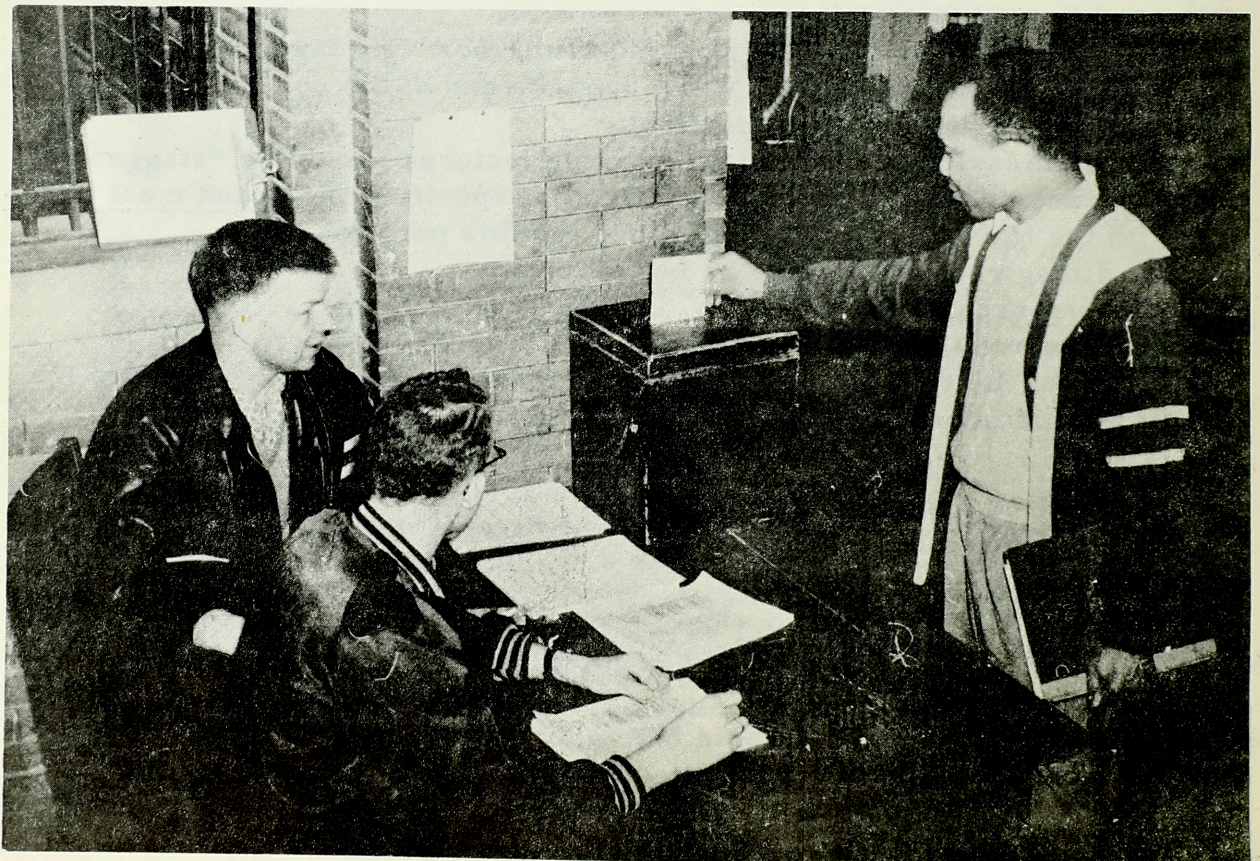

"How come?"

"When she came into my office, I told her to sit down and she looked around for a chair."

* * * * *

Father: "When I was a young man, girls knew how to blush."

Daughter: "What was it you used to say to them?"

March 5

Nominations were held to establish the executive of the 1958 Green and Gold.

Art Fulford - won himself the position of producer.

Nominees for the position of Director were-Zehava Malus

R.D. Hamilton

this position is to be filled at a later date.

Marilyn Anderson was put in as secretary for the second consecutive year.

Other Positions appointed:

Business Manager	-	Dave Mahaffy
Publicity Manager	-	Ron Roberts
Stage Manager	-	Jerry Dunavan
Director of Lighting	-	George Christie
Costumes	-	Louise Duthie
Make-up	-	Freida Vivian
Choir Director	-	Eric Armstrong

COMING EVENTS

March 9	-	Women's Intermural Team Champions at McGill
March 13	-	Debate - semi-finals
March 21	-	Athletics Awards Night Banquet
	-	Maro Duschenes and Keisey Jones
		Woodwind and Keyboard
March 22	-	Junior Prom
March 25	-	Associations Banquet
March 27	-	Graduation Exercise, Diploma Course
March 31	-	Senior Tea - 2-5 P.M.
April 2	-	Senior Banquet

* * * * *

Eric - New President continued from page 1.

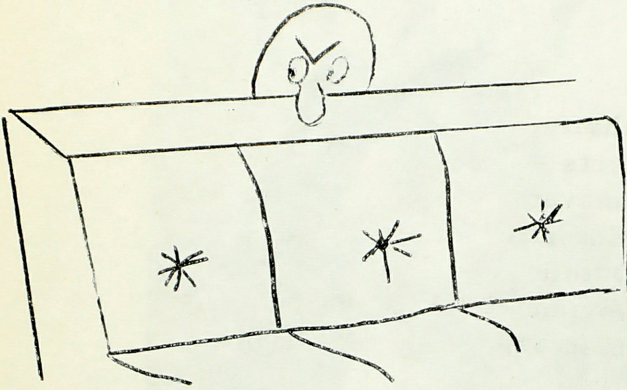

by their active participation through suggestions and criticisms-will maximum benefits be derived.

On behalf of the newly elected council I ask the cooperation and support of all in maintaining the good job of work done by our predecessors.

As far as plans for the year '57-'58 are concerned it would be rather difficult for me to make a definite pronouncement as this time. I can, however, repeat the assurance that I am pledged to work with all concerned in any and every way possible for the well being of the college.

May I also take this opportunity to say "thank you" to all those who helped in securing my election as President of the Council, whether by active campaigning or private support. I thank you all and hope we may all work together towards a successful year.

"JUST CHADDING"

"Arggggh!", said Chad, screwing up his face "So what else is new?", I asked innocently "Phooey", was all the answer I got. "I see I observed, "and I quite agree". "I'm glad to hear someone agrees with me", he replied. "Everyone is annoyed by it but the House Committee still doesn't take action". A light slowly began to dawn in my feverish brain.... "the Stewart Room lovers again!" I breathed softly to myself. Then he continued "Morning, noon and night they go at it and yet last year the House Committee warned people on the slightest infraction of the rules. It's a crying shame. What's happened to the House Committee this year? Are they asleep on the job?" I couldn't reply to that for fear of charges of libel, so he slunk off with a bowed head, muttering something about "If they only knew how stupid they looked!"

BE WARNED YE CASSINOVAS OF THE STEWART ROOM!!

Chad has heard that Mary-Fran Cockshut and Sally Cross are inventing a new high explosive, for sale to the Government, that will put the much touted A-bomb to shame. He has seen them testing it in the Practice Apartment, and observed dryly that it is seldom that such a demonstration of explosive power is seen.

For those of you who thought that Chad was not down to O.A.C. the other day, you're dead wrong. He was there. Worried? As Chad was bedding down for the night in the Women's Residence at O.A.C. he overheard a very interesting conversation in which a "Hunk of man from Macdonald" was talked about in some detail. Who, he wants to know, is the guilty person? He also sort of wonders if he misunderstood and the word was "punk".

Chad hesitates to mention their names, but during the last week he overheard several conversations which leave him in some doubt as to the integrity of certain people on this campus. It was evident from their remarks, on every occasion, that they were practicing what might be termed "Dirty Politics". He feels, and I do, too, that when one is considering candidates for office one should weigh their merits, as well as demerits, but evidently these people do not agree. It is unfortunate that such people exist here and it is even more unfortunate when they are permitted to spread their prejudiced views around. Do you recognize yourselves? If you do, how about reforming and stop spreading filth about other people around this fair campus?

Chad will see you next week. I hope he is in a better mood, but this latter business upset him.

CANADA, OUR HOMELAND

As Canadians, whether Canadian born or European-born, we are proud of our homeland. How else can we express our feelings? It is not love, because we do not love an inanimate object. We have pride in our freedom of speech, our press, our government, and our religion. Our liberties are important to us.

What would Canada be like without these four liberties? Canada without these liberties would become like Russia, where none dares express his opinions against the government, or dares praise the glory of God. In the dead of night the secret police could come and carry away your loved ones to work till their deaths in some far off place just because they were willing to express their feelings towards freedom. We, here in Canada, have the right to vote for the way of life we want. Let us be sure to preserve democracy and protect our heritage.

Democracy gives us equal rights with Mr. Jones next door. We cannot be thrown into jail and forgotten, left to rot our lives away. We have the right to defend ourselves, and the Canadian policy is that no man can be declared guilty by law, unless proven guilty. How different is the life of the citizen behind the iron curtain! Our laws are fair and just to all. The right to place our lawmakers in office is the privilege and duty of all citizens.

It is our duty to exercise our right of franchise, thereby preserving the democracy that Canada now is. The men and women we put in parliament determine our laws. We are directly responsible for the type of government that we have. Canada is our country. We, the youth of today, are responsible for the Canada of tomorrow. Let us appreciate the opportunities that Canada has to offer, and let us preserve the liberties of today for the generations of tomorrow.

BAGDAD

Bagdad is the capitol of Iraq, which counts as one of the six Continents of the middle East. It is bordered by Turkey on the north and Syria on the south, Persia (Iran) on the east and the Arabian desert on the west. Population is five million; just two million live in Bagdad.

Bagdad is situated in between the two rivers Tigris and Euphrates which are called the life blood of Iraq as the river Nile is of Egypt.

The climate in my country is temperate. The four seasons divide the year (but our winter is not as cold as Canada's). Spring is a lovely season.

tobacco, and all the large evergreens and nuts grow in the south, rice and palm trees grow in the middle zone, where Bagdad is situated. All kinds of fruit, especially oranges and apples are grown.

The education system in Bagdad is quite good. The system that is followed in the schools is the English system; that means that at the age of five children go to kindergarten, then to primary school for six years, high school for four years and then to college.

There are now two universities in Bagdad, one called University of Bagdad, the other called Hikma University; Hikma is also the name of my brothers' school and in Arabic it means "wisdom".

Hikma University was founded by Jesuit fathers and was established in 1950; students graduate there in science, medicine or engineering.

Bagdad University was established in the same year but it is a public university which is supported by the government.

About 2000 years ago, Bagdad was called Babylon, the great city, then the Mogols and the Turks conquered the city and became its rulers. Then Bagdad was called: Dar-il-Salam that means "City of Peace". It was at this time that the "Thousand and One Nights" and the love of Sheherezad with the king called Sheherayar began, and at this time the "Seven Veils" dance was the most popular. This was about 600 AD.

Time passed and days went by and the city of Bagdad, with the people, became more and more civilized until in 1932 the English government ruled Iraq. The petrol pipes and resources which Iraq has was one of the most important reasons for the Second World War.

But now Iraq is an individual country in which the government is democratic and H.R.H. King Faisel II is crowned King of Iraq. The Parliament is the voice of the people.

Let's have a more general idea about the economic life in Bagdad; the commerce with U.S.A., England and Japan. The construction companies are directed by the most clever German and Iraqi men. But we export lots of dates which are the palm tree fruit and import many manufactured materials such as machines and clothes, etc.

Social life in Bagdad is fairly restricted; for example, the girls are not allowed to get the same jobs as men or live like the boys. The poor Iraqi girl has not complete freedom. She is more dependent than independent. She has to listen to her parents advice or she will get into trouble. Otherwise she can do whatever she wants if she's smart....

We have three religions in Bagdad; Christian, Moslem, and Jewish. The government and the King are Moslems, although the King has been well educated in London for about eighteen years. His father died when he was four years old and his mother died in 1951. Last year his aunt died, so now the

twenty-six year old monarch is alone in his castle with his uncle, the Prince Abdul Ellah.

As I said, social life is fairly restricted, but many big changes are taking place nowadays. Many students travelling to U.S.A. to get well educated bring back with them, all the advantages of the foreign countries, and influence the social life.

The most important thing I want to make clear is about the Bedouin Families. This is a remarkable type of family who live in the desert or outside the cities and they have their own way of living, clothes and food.

Everybody here knows about those people and thinks that all the Iraqi people are like them, but you're wrong my friends! The Iraqi are just like you and have the same figure as you. Now please don't think that we are Bedouin!

Do you know that in 1956 we had the British Trade Fair and our first T.V. station was opened?

Do you know that our costumes and clothes are from Maison Dior in Paris?

Do you know that many American movies are played in Bagdad before they are seen in Canada?

This is a general idea of my country, but truthfully, I don't feel it's much better than yours!

Helen Zoma.

THE DINING HALL NIGHTMARE

We regret very much to have once more to speak about the milk situation in the dining hall.

Using the facilities of the dairy laboratory, we measured the butter fat content of two samples of milk taken from the dining hall at noon. Both times we got 1.8%. But - taking the milk from the barn as it arrives early in the morning, the butter fat content is then 3.4%. The two milks have the same acidity.

This shows that the cream is taken out when the cans go through the kitchen.

It may be recommended for the diets of the girls, but so far nobody in the Women's Residence has requested it! The students of Macdonald would appreciate drinking milk that tastes like milk!

Cannot the authorities do something about this matter if it is not beyond their possibility?

HOCKEY WINNERS

SOPH GIRLS

JUNIOR BOYS

Sports

WOMEN'S ATHLETICS

Hockey:

The interclass hockey came to a rousing finish with two overtime games. The league was divided into three sections with the winner of Section A playing the winner of Section B in a semi-final match; and the winner of that match playing the winner of Section C in the finals.

The first of these games was played on February 26 between the Soph Teachers (winners of Section A) and the Sophs (winners of Section B). Despite the rain and poor ice, the two teams managed to battle it out for one and a half hours with the Sophs as the victors by a score of 6-1.

This brought them into a final game against the Freshie Intermediates (winners of Section C) which was played the following night, February 27. This too, proved to be an exciting event and went into ten minutes overtime play with the Sophs again coming up top by a score of 3-1.

10 points were given to the winners in each of the three Sections and 25 points to the winner of the finals.

The final hockey points were as follows:-

BSc.1	19 points
BSc.2	75 "
BSc.3	10 "
BSc.4	-4 "
H. & H.	4 "
I.K.H.	0 "
FI	40 "
SI	43 "
E.1	8 "
E.2	11 "
E.3	-5 "
E.4	0 "

Many thanks go to Judy Patterson, as Hockey Manager, for a successful and memorable hockey season.

Badminton:

The interclass badminton tournament is drawing to a close with the Singles and Doubles Championships at stake. Fighting for the title are:-

Doubles: Joan Melkman and Lorna Clark
vs

Singles: Joan Melkman vs Dorothy Anderson

Although all games were not played by their given deadlines, the tournament was enjoyed by all. The new badminton net supports proved a great asset in setting up the courts.

Our thanks go to Corrie Oomen who acted as manager.

Basketball:

On Saturday, February 27, the Mac Seniors met the Y.W.C.A. for the semi-final game of the W.O.B.L. The game was played on a neutral floor at McGill and was close all the way. Corrie Oomen was the top scorer, scoring 29 points of the final 48-35 point score, which was in favour of Mac.

This places Mac in the finals, which will be played this Saturday, March 9, at the Y.W.C.A. against McGill.

All the best Mac ---- let's really show them we can do it!

Current Class Standing:-

With the hockey season at a close, the Soph Intermediates, Freshettes and Sophs find themselves in the first, second, and third place standing respectively for the Mrs. Walter M. Stewart Cup.

Soph Intermediates	497.66 points
Freshettes	333.51 "
Sophs	303.07 "

The submission of the Interclass Badminton Tournament will complete this competition.

Our grateful thanks go to Sue Squires for the efficient job she has done for the Women's Athletics this year. We are looking forward to another eventful season next year---congratulations and best of luck to Mary Lou Black as our new President of the W.A.A.

MEN'S SPORTS

Curling

On February 15, at the Thistle Curling Club, Macdonald College won the first intercollegiate bonspiel ever held, in Montreal. The team was skipped by Elmer Black, with John Logan third, Dave Mahaffy second and Bill Ness lead.

Mac remained undefeated throughout the bonspiel, winning three while not taking a single defeat. Wins were registered against Sir George Williams College 11-4, Loyola College 10-3 and McGill University 7-4.

These boys really put on a good show, and, as a result of their win, have gained Mac's newly formed Curling Club a shot in the arm.

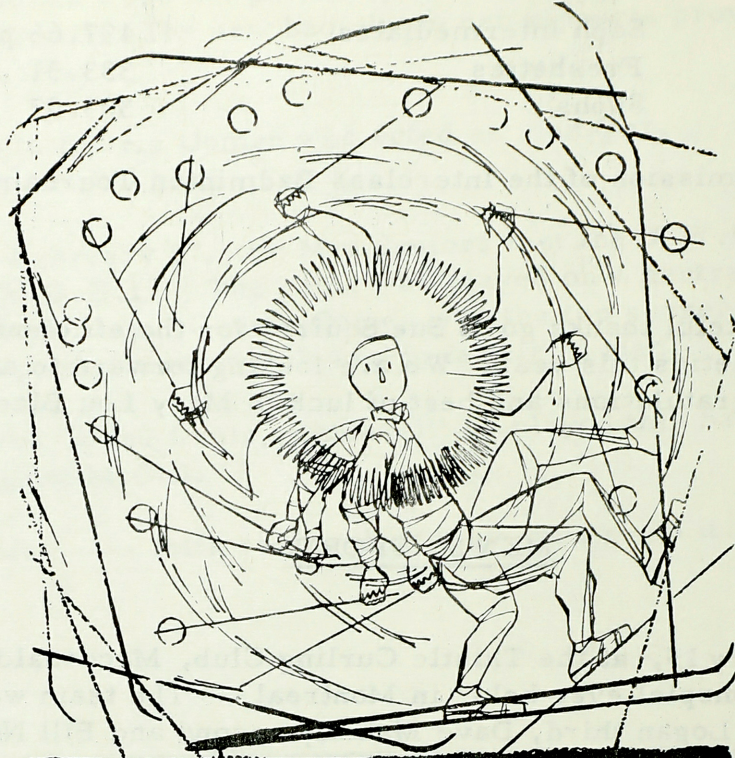

Much thanks must go to R.D. Hamilton, president of the club, for all his work in its formation, as it was due to his efforts that the club was formed.

This brings to a close, a very successful first year in the club's history and, in looking to the future, I believe we shall see this sport becoming an increasingly popular activity at the college. Once again, congratulations to Elmer and his team on their victory.

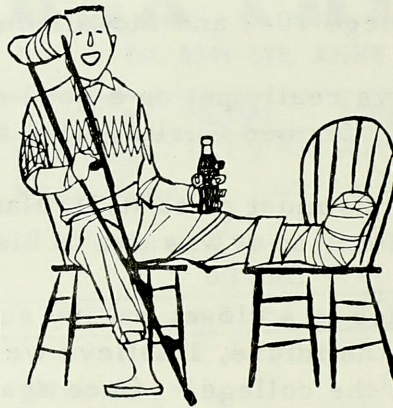

Interclass Hockey

In the interclass hockey final, which was played last Friday night, the Junior team defeated the Teachers and the Post-Grads in a hard played contest by a score of 6-2 to take the championship.

The teams were evenly matched throughout the first period with the score at the end of the period being a 2 all tie. Ralph Davidson scored the first goal of the game to send the Teachers and Post-Grads into a short-lived lead. The Juniors came back to score two unanswered goals with Dick Huggard scoring on a pass from Al Boswell and then Al scored unassisted. Bob Smith a Post-Grad, scored late in

When you pause...make it count...have a Coke

7¢

C-29

Including Federal Taxes

"Coke" is a registered trade-mark.

COCA-COLA LTD.

the first period.

The second period started off with Russ Little of the Juniors getting a penalty for charging, however, no scoring resulted. Mox Colpitts opened the scoring in the second period. He took a nice pass from Nelson Ball and put the puck past goaler Chuck Falcon of the Teachers.

Both Falcon and Al Douglas, Junior's goaler, played well and both made a few outstanding saves.

While John Aiki was serving a slashing penalty, Boswell scored his second of the night from Fulton and Colpitts. Fulton scored in the next minute from Boswell and Colpitts. This made the score 5-2 in favour of the Juniors and the period ended this way.

The only scoring in the third period came when Colpitts got his second of the night. This wound up the scoring with the Juniors winning by a final score of 6-2.

This was the last game of hockey the fans will see this year and it turned out to be a hard fought battle with the boys on both teams putting up a very exciting game; one which never dragged and the spectators really had something to yell about. Both teams were well represented in the stands and, as you can imagine, the rivalry was really high.

Congratulations again go to the Juniors on winning.

Interclass Basketball

Teachers and Post-Grads win Interclass Championship.

After splitting the first two games in the best of three final play-offs, the Teachers and Post-Grads won the last game by a score of 39-26.

The first half was very fast with the ball changing hands rapidly. The Teachers had a little more control of the ball than the Sophs, but the scoring was fairly even with the score at the half, 14-13 in the Teachers' favour.

In the second half, the Teachers and Post-Grads pulled away from the Sophs scoring 25 points while the Sophs potted only 13. This made the final score 39-26 in favour of the Teachers and Post-Grads.

This game was a really good one to watch as there was never a let up by either team. Chuck Falcon, Bob Brown and Gord Stairs played a strong game for the Teachers and Post-Grads, with Ken Dean and Earl Dobson, the standouts for the Sophs.

A large crowd watched the game with both the Sophs and Teachers importing cheerleaders from Stewart Hall to add a little more colour to a very exciting game.

Intercollegiate Basketball

Sir George Williams defeats Mac.....

On Wednesday, February 27, the Mac basketball team played Sir George Williams in Montreal.

The first half was very even with both teams playing good ball and setting up some nice plays. The half time score was 48-33 in favour of the Georgians.

In the second half, Sir George Williams got really hot and outplayed Mac by a wide margin, scoring 60 points while the Green Team scored only 23. The final score was 108-56. This was the worst beating Mac took. High scorers in the game were Carrier of Mac, and Nickalackhi with 24 each.

Scorers for Mac were: MacCallum 1, Joubert 12, Hicks 5, Carrier 24,
Green 6, McCully 6, Farr 2.

Ottawa University at Mac.....

On Friday night, March the first, Ottawa edged Mac 58-57 in a very close and exciting game which had to go into overtime to be decided.

The game started off slowly with neither team playing good basketball in the first half. The score at half time was 26-25 in favour of Mac.

In the second half, both teams played better ball and the score was close at times. The lead changed hands several times, in this much faster and hard-checking half, with both teams coming up with some outstanding offensive and defensive plays.

With about four minutes left in the game, the score was 48-46 and both teams played wide open basketball. Ottawa was leading with only seven seconds to play by 53-51, when Evan Joubert got a basket on a long set shot to tie the score and send the game into overtime.

Hicks, Carrier, and MacCallum, picked up most of the points for Mac, with Evan Joubert, the strong man on guard. Masino was Ottawa's best. This was Mac's last home game and was an especially tough one to lose, as Ottawa had lost only two games this year.

Scorers for Mac were: MacCallum 16, Joubert 6, Hicks 13, Carrier 16,
McCully 2, Farr 4.

Bishops defeat Mac...

In an afternoon game played at Bishops, Mac was defeated by a score of 43-41. This was a low scoring game and not a very good brand of basketball was played.

Mac led through most of the game and were lead

Bishops tied the game twice, once at 30-30, and again at 40-40. They then went ahead to beat Mac 43-41.

This was another hard game to lose as it was the final game of the year, and it was so close. On top of this is the fact that we had beaten Bishops, when they were here at Mac by a score of 57-51.

Hicks was the high scorer from Mac with 11 points.

This marks the end of another basketball season with Mac's record being:-

GAMES PLAYED: 20 Won 6 Lost 14

The Basketball Tournament will be played at Macdonald this week-end. Teams participating are as follows:-

Sir George Williams College
Loyola College
Carleton College
Ottawa University

Games will be:

Friday, March 8 - 7:00 P.M.

9:00 P.M.

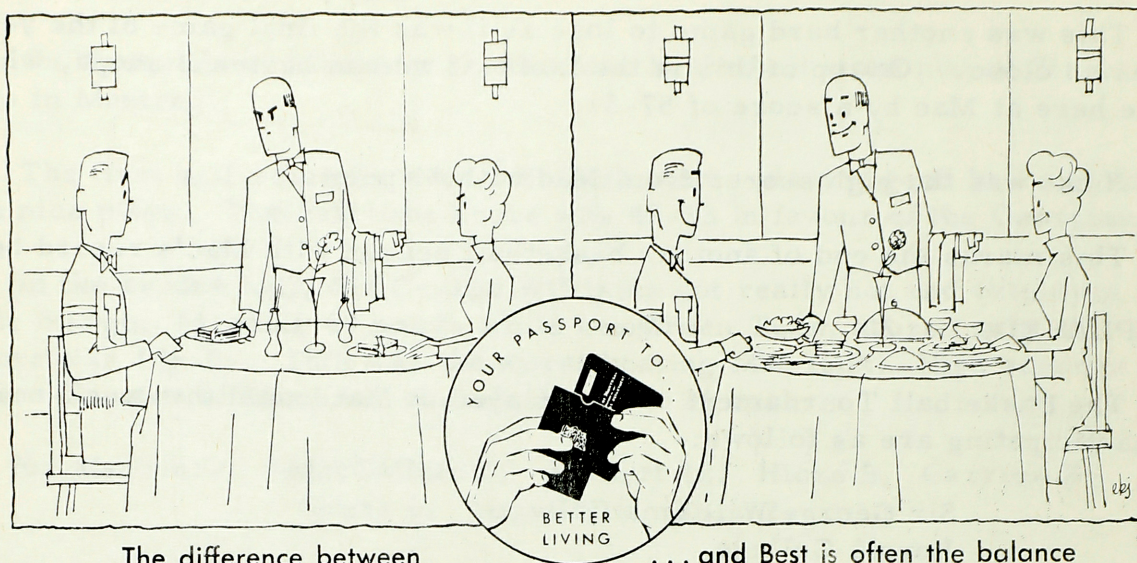

Saturday, March 9 - 2:00 P.M.

MAC ARE HOSTS FOR INTERCOLLEGIATE BASKETBALL CHAMPIONSHIP

Last Friday and Saturday, Mac played host to the intercollegiate basketball finalists, Carleton, Ottawa University, Sir George Williams and Loyola. The use of our gym had been offered to the M.A.A., and a large enthusiastic crowd was evident at all times.

On Friday night, in the first game, Carleton nipped Sir George Williams by 63 points to 62, in what turned out to be the tournament's most thrilling game. After a "nip and tuck" battle, with less than a minute to go, Carleton trailed 61-62; then, with the last few seconds running out, House sank two foul-shots for Carleton to win the game. Hunter was high scorer for Carleton, with 15 points. The whole game was intensely exciting all the way through, and the last few minutes of the game had the whole audience on tenterhooks at the thrilling performance.

Later that night, in the second game, Loyola just managed to win over Ottawa University as the final score was 56-55 in overtime. The game lacked the punch of the first, and at half-time Ottawa trailed 28-27.
